CO-ORDINATOR CATCH UP

Hi my Neighbours!

Happy end of Term to all the students, teachers and families!
Here's hoping you get to have a terrific couple of weeks of calm before it starts again.

All our schools came together for the Fete last night! It's so awesome seeing the kids and their families having the absolute BEST time with the games, rides, music, stalls, face painting and more. A great way to end the term. Congratulations to all the Teachers and adult volunteers who got this event together. It really brought a smile to my face.

Speaking about events. I have been talking a little bit to people about the next FIESTA that is in the early stages of planning. Bring your ideas to our *next* monthly planning meeting at 4pm Friday 21st April.

In the Press this week you will see we have advertised the FREE Ag Chem course that will be held in Pyramid Hill on 29th and 30th May. It's one that we have been trying to get off the ground for a year, and I am so excited we are able to offer a fully subsidised and accredited course for those who handle farm chemicals. Usual cost is \$400 for this one, so please take advantage of the subsidy if you can. Give me a call if you would like some flyers to put up around the place etc.

The other thing that has been consuming my days is Nintendo. I am still ashamed to report that I am useless at it, but we are setting up our gaming room for the school holidays! With thanks to Damon for the Nintendo advice, and to Jim for the set up. I think we are going to have a great break for those who want to game with friends. Currently we have Minecraft and Super Mario Bros 8 Deluxe and a HUGE screen to play on.

There will be more activities throughout the holidays to do with gardening and craft. I'm making up a bit of advertising for that.. now.. but..

Just one more thing.. *Mark, Mark, Mark*. What the hell are we all going to do without our bank and without our Mark?! I am not ready for any of this business with the banks taking off out of small communities. ESPECIALLY when our community is getting bigger every week! I am outraged. What are we going to do about Mark. He's on my list of 'people in town who help people' and right now, our people need a lot of help. We need our bank, and we need Mark. Far out. I am devastated.

Devastated. I know he reads this column, I hope he knows how upset I am..

Until I see you again, I hope everyone has a beautiful Easter, with a lot of eggs.

Kim

Vaccine Injury Support Group Meeting

All are Welcome

Do you feel that you or someone close to you may have suffered a side-effect or injury from the COVID vaccines?

Many in our community are in this unfortunate position and have indicated that they would like to get together with others in the same situation to support each other.

We are having a gathering at the Four Posts Hotel Jarklin, 6PM Wednesday 26th April.

This will be a non-political gathering where resources will be shared to help people get medical support and to understand their legal rights. We have at least 1 nurse attending and possibly other medical professionals.

No RSVP required, but please call Heidi at the Pub if you would like to order pizza.

For more info, please contact :

Heidi 0493 099 498, Sharlene 0414 777 942 or Nick 0438 028 656.

NOTICE FROM THE PROGRESS ASSOCIATION ABOUT THE BENDIGO BANK CLOSURE

"Photo courtesy Loddon Herald"

Mark has been given notice that the Bendigo Bank Branch is closing 31st July, 2023. This closure has come without consultation with our community, with Mark and no opportunity to work with Bendigo Bank for a better solution.

This is the bank that started because small towns were losing their banks.

If you use the Pyramid Hill Bendigo Bank agency:

- as an individual
 - for your business
 - for your community organisation's needs
- then please consider writing a letter.

You can write to:

- protest at the closure
- protest the lack of consultation and consideration for the town and for Mark and his staff and business
- seek to change the decision that has been made
- seek support from Council or a politician

LEGACY

1923 - 2023

Our History Legacy grew out of the ashes of World War One

In 1923, Mayor General Sir John Gellibrand formed the Remembrance Club in Hobart. Another returning soldier, Lieutenant General Sir Stanley Savage, was inspired to establish a similar club in Melbourne which was named LEGACY, after they realised that 60,000 Australian service personnel were killed and more than 150,000 were wounded, many dying soon after. Realizing the dire circumstances of tens of thousands of veterans, widows and children left behind, those who returned set out to help them.

Originally, it was returned servicemen who took this duty of caring for and supporting widows and children. They later became known as Legatees. To this day, it is the Legatees who volunteer the support that Legacy provides to its beneficiaries.

Legacy is still caring for tens of thousands of widows who have lost their loved ones and been affected by their partner's service in the Korean War, Malayan Emergency, Vietnam War; as well as campaigns in Iraq, Afghanistan and in peacekeeping operations across the globe.

Legacy Clubs started as a small Organisation with local Legatees assisting local families. Today, there are 44 Legacy Clubs, plus 1 in London, providing emotional and financial support.

The Promise

In the trenches of the Western Front during World War 1, a soldier said to his dying mate "I'll look after the missus and kids". This became known as The Promise – and is still kept today.

Journey of Legacy

1918 Origins

Soldiers saw the devastation on the Western Front, France.

1923 Legacy is formed

Returned serviceman Sir John Gellibrand founded the Remembrance Club Hobart, assisting returned veterans to find work. Months later, Captain Stanley Savage started Legacy in Melbourne.

1925 A new focus

Legacy began assisting widows and children of deceased or injured servicemen.

1942 Fundraising begins

With the outbreak of WW2, a War Orphans Appeal started in 1942 to raise funds for the widows and children of soldiers who did not return. Today, this appeal is known as Legacy Week.

1962 Vietnam

The widows and children of Vietnam veterans came into Legacy's care.

1990 Modern conflicts

Members of the Australian Defence Force serve in Afghanistan, Iraq, the Middle East and on peacekeeping operations.

1991 Australians at war

More than 72,000 members of the Australian Defence Force have served overseas since 1991, more than the number who served overseas from 1950 to 1990.

2000s Post Traumatic Stress Disorder

Legacy has always cared for the widows of veterans. Now with the recognition of mental trauma and PDST as a result of war, Legacy cares for and supports families who are suffering from the effects of this condition and other mental health illnesses.

Today

Legacy currently supports 40,000 individuals and families across Australia, supported by over 3,400 volunteer members, Legatees.

Bike Ed

Respect Learn Community

Students in Year 7-10 have been out and about the streets on their bicycles learning the road rules and how to ride safely under the instruction of Bike Educator Mr Luke Roberts.

The first week students took to the streets with Mitchell Park as the destination.

The following week students enjoyed riding out to the hill, encountering some slight hills along the way.

Then it was back to the tennis courts to have a hit before riding back to school.

Hopefully we will now see lots of students enjoying riding their bikes in a safe and legal manner around town.

Hot Shots Tennis

On Friday the 31st of March, Year 4,5 and 6 students from Pyramid Hill College headed over to Boort to compete in the annual Hot Shots tennis competition. Hot Shots is a modified fast paced version of tennis that uses mini courts and nets. Pyramid Hill students were split into 2 teams and put to practise the skills they had learnt during PE. They displayed a high level of respect towards their opponents and competed in a friendly manner throughout the day. Both teams played exceptionally well with Pyramid Hill Blue finishing 3rd and Pyramid Hill Red Finishing 5th overall out of 12 teams. Thanks to the organisers and teachers for putting on a great day of tennis for students across the region.

Once again the prize money is a luring factor with sponsorship from Providence Gold and Mineral, cluBarham and Ellis Nuttall and we look forward to sharing the loot and offering verbal support to our generous sponsors. Mr Burrows from Providence Gold and Mineral will be attending to present the sponsored prizes to the winners on the day. As we lead into Easter it will provide a prime opportunity to treat the competitors with Easter treats – maybe??? No doubt Kate's magic in the kitchen will be a winning factor – casseroles followed with sticky date pudding or lemon delight. Yummo!!

That will leave just one more scheduled tournament for us to

GOLF NOTES

Thank you to everyone who has completed work on the golf course to get it prepared for the upcoming season. There is plenty of cover on the course and with some rain it will green up rapidly. The first hit will be a stableford event on Sunday April 9th. Assembly will be 12:00-12:15pm with tee off at 12:30pm. Weekly Sunday competitions will occur after the first hit. We welcome all community members keen for a hit, from beginners to advanced. Junior sessions will commence after the school holidays, more details regarding these will be published shortly. Happy golfing!

The next committee meeting is Tuesday 18th April (7:30pm) at the clubhouse.

BOWLS NOTES

It's been a quiet week but things are in full swing for our next tournament which, it appears, is being well supported with copious numbers already entered. Now we just need a pleasant day, and the forecast is looking promising. On **Wednesday 5th April**, we will host representative teams from the Northern District Playing Area, and others further afield, as they engage in the A/C Fours Star Day Tournament.

host this season. We're gearing up for that one on **Sunday 7th May** with a 12:00 start. That is the very popular Seafood Tournament. Members, please keep doing your great maintenance and catering jobs to ensure the place looks fantastic and we again feed the troops.

Social Night at the Vic Hotel: If you read last week's edition of the Press, you will have noted that our next dinner outing supporting our generous sponsor, Paul, from the local hotel will be on Thursday, 20th April, 6:30pm when it is planned to have a guest speaker from Providence Gold and Mineral in attendance. Well, you can't believe everything you read!! We will be dining at the hotel from 6:30pm, and we will have a guest speaker – but there lies the difference. We will, in fact, hear from Mr. Adam Place from Catalyst Metals. Adam was at our last tournament to award sponsored prizes to the successful teams, and he gave a brief outline of the workings of the Catalyst group. His attendance at the dinner will allow a more in-depth explanation and the opportunity for folk to ask questions.

Club Pennant Break-Up: planned to dine at Moama on 30th April, Sunday afternoon. More details to follow. Put the date in your diary.

Keep Smiling: Did you hear about the cheese factory that exploded in France? There was nothing left but de Brie. Where should you go in the room if you're feeling cold? Find a corner – they're usually 90°.

MAYORAL COLUMN

March Council Meeting - VNI West outcome

VNI West is considered essential for the Australian economy to achieve net zero emissions by 2050. The forecast closure of ageing coal-fired generators in Victoria and New South Wales over the coming decades presents a significant challenge to supply reliability.

While Council is not a decision maker for the project, it has the opportunity to provide a submission in response to the report to Australian Energy Market Operator Victorian Planning (AVP) before the closing date.

The response to the VNI West Consultation Report on behalf of Loddon Shire Council will include, but not be limited to the following items:

1. Council understands the importance of a reliable energy network to the Victorian and Australian community.
2. Consultation has not met the expectations of our community. We expect people to be meaningfully engaged and informed of issues which may impact upon them.
3. Loddon Shire is within the Murray Renewable Energy Zone (REZ) and seeks the highest capacity transmission to enable additional power generation and therefore value sharing to our community.
4. Loddon Shire Council is opposed to transmission lines crossing multiple areas of our municipality with a preference for consolidation on a single alignment with minimal impact.
5. Council requests AVP provide clear information to land owners about the impact transmission lines will have upon their rights, particularly any limitations on farming operations.

Fire restrictions ended

Days are getting shorter, the mornings and evenings crisper and Autumn is upon us.

The Fire Danger Period for Loddon Shire was lifted as of 1am Monday 3 April 2023.

Remember, in the case of land that is 2000m² (1/2 acre) or less, a fire may only be lit on any Wednesday or Sunday without a written permit from Council.

A camp fire or fire used for cooking does not require a permit on any day.

Also, all fires must be notified to the Emergency Services Telecommunications Authority (ESTA) on 1800 668511 before lighting the fire or emailing a burn-off notification form to burnoffs@esta.vic.gov.au at least 2 hours before lighting the fire.

Closure of Bendigo Bank agency in Pyramid Hill

I am disappointed to learn of the unexpected decision of the Bendigo Bank to close its Pyramid Hill agency from July.

Local bank agencies play a crucial role in our community by providing financial services to our residents and businesses. Residents will have to travel further to access banking facilities which will have additional financial burdens and inconveniences.

Victorian Fox Bounty program

Victorian fox collections have commenced from Monday 6 March 2023.

Participants are reminded that the Victorian Fox Bounty is now digital. Agriculture Victoria introduced the new system last year to streamline the application process, reduce wait times at collection centres and allow participants to keep track of bounty applications.

To register for the digital system visit the [bounty homepage](#) and follow the prompts.

Wishing you a safe and happy Easter break

As we approach the Easter long weekend and the start of school holidays, I wanted to take a moment to wish you all a safe and enjoyable break with friends and family.

LODDON VALE LANDCARE FIELD TRIP 14 MARCH 2023

RECOVERING A FLOOD-AFFECTED Paddock WITH A MULTI-SPECIES CROP AND GUANO

On a perfect mid-March day, a small group visited 3 nearly-neighbouring farms to look over their fence and see what's going on. This is what we saw at Nola and Noel Cocking's merino sheep and fat lamb farm, Loddon Vale.

Nola and Noel Cocking were hit hard by the October 2022 floods, greatly exacerbated by the collapse of Goulburn Murray Water's no.12 channel. The paddocks were 1m deep with water for a very long time, leaching out nutrients and changing the soil biology. Nola says "This time the water just kept coming ... Most of the paddocks have been just destroyed from the floods Not just on our place, everybody had the same issues ... It will take 4 to 5 years to recover."

They are now bringing the good organisms back to their paddocks with their first multi-species crop, something they had planned before the flood, the resultant damage confirmed their choice. The multi-species mix contains forage sorghum, forage millet, forage grape, sunflowers, buckwheat, radish, turnip, soybeans, mung beans and cowpeas. Nola describes their decision making saying "The selection of plants aims to improve the soil biology and hopefully, to keep a lot of sheep happy. The animals will dig it in a little, add manure and make a ground cover to prevent weeds." The seed is treated with worm juice reducing susceptibility to insect attack in the emerging plant. There's already beneficial insect life in the paddock with a ladybird spotted on the millet and then, delight, another.

No preparation was done on the paddock, just a pre-water to work around the unreliable water supply that might make some seeds too wet. Once the seeds "poked out of the ground", it was watered twice more. Everything in the mix has grown, there's plenty of variety and faith that the sheep will pick and choose what they need. Nola observes "they know what's good for them and what to eat". At the time of our farm visit the 50-acre (20-hectare) crop is just 4 weeks old, an impressive ½ m high - "it has jumped out of the ground". Once there is a little more growth or, a lack of feed elsewhere, 220 lambs will move in and dry feed will be added to the paddock.

The Cocking's are members of the Victoria No-Till group applying their practices with few chemicals (www.vicnotill.com.au). From them, they learned about guano, a natural fertiliser derived from bird and bat droppings. It is mined all over including in Peru and islands off California and

can be awkward to import but their agent helped them. Nola tells us that the high phosphorus content made it suitable for gunpowder in the American Civil War. Who knew a field trip could lead us there?

Guano is a slow-release fertiliser applied every second or third year. It is suitable for broadacre, pasture and horticulture. It supports good biota in the soil, an essential for a good crop, animal and human health we are told. In 2022 it cost about \$1,000 - \$1,050 per tonne and the Cocking's applied it at 12kg/acre (30kg/hectare) on the crop we saw. On the brochure, we learn that guano's typical profile is 26 % calcium, 25% silica 12.6% phosphorus, 11% sulphur, 8.6% organic carbon and 0.4% zinc. After a couple of years on the Cocking's paddocks they are seeing the effects and are ready to apply more with their upcoming sowing, another multi-species crop. "If we can start at this level and get that nutrient in the soil and then just go up the food chain it's got to get better but it's got to be feasible financially. You know if your soil's healthy, if you pick up the soil and see worms and fungi, it's just all trying to create a good environment," says Nola.

Three weeks after the field trip, I popped into the paddock for an update photo. The lambs are in but I could only spot three, the crop is now so high they are calling to find each other and they don't mind me as I'm out of their sight, radish tops have been eaten and frogs are abundant near the dam.
